4. Performance Standards and Qualifying Periods

4.1 An athlete should attain the required performance standard on at least one occasion. An athlete must demonstrate his/her potential to perform consistently at the required performance level and athletes are encouraged to better the required standard on more than one occasion, particularly in non endurance events.

4.2 The qualifying periods are:

4.2.1 10,000m, Marathon, Race Walking, Combined Events: **From 1 January 2011 to 8 July 2012.**

4.2.2 Relays: **From 1 January 2011 to 2 July 2012.**

4.2.3 For all other events: **From 1 May 2011 to 8 July 2012.**

4.3 Achieving a performance standard does not automatically guarantee selection. All other criteria need to be achieved as well.

4.4 The Athletics New Zealand Selectors may nominate up to three athletes for each event provided they have met the IAAF 2012 Olympic Games "A" Standard. Where there are more than three athletes who have bettered the IAAF "A" Standard in one event, the Selectors will decide which of the athletes is to be nominated for selection by reference to the factors set out in these criteria. If more than one athlete achieves the NZ standard in any event where that standard is less than the IAAF A standard, the selectors will consider all other relevant selection factors in deciding which of such athletes will be nominated, without giving any greater weight to any single factor than others.

4.5 Athletes must show that their current form immediately prior to the selection date warrants their selection.

4.6 An athlete must demonstrate that they capable of performing with distinction at an international meeting and at a level consistent with the overriding objective outlined in Clause 3.1. The Selectors will determine this by reviewing the athlete's competitive record, and will take particular account of their performances at meetings such as previous global championships, National Championships (both New Zealand and Australian), and other major international meets.

4.7 Where, in the opinion of the Athletics New Zealand Selectors, an athlete has a history of non-performance, the Athletics New Zealand Selectors may decide not to nominate the athlete. A history of non-performance will be considered to arise where there are two or more consecutive examples of a previous result at either a World Championship, Commonwealth or Olympic Games which falls outside the standard of performance which was expected from the athlete when the athlete was selected for the event, and for which, upon the Athletics New Zealand Selectors making such enquiry as they regard necessary, the Athletics New Zealand Selectors are not satisfied with any explanation provided. The Athletics New Zealand Selectors will only make further enquiry in relation to past performances where they consider that there has been a history of non-performance under this clause. In considering the various factors under, the Athletics New Zealand Selectors shall be under no obligation to make further enquiries and will consider the nomination of an athlete by reference to the information which they consider necessary for their decision.

4.8 The Athletics New Zealand Selectors will consider any established breach of any code of conduct or athlete agreement by an athlete as a member of an Athletics New Zealand representative team in deciding whether to nominate an athlete. Such a breach may result in the Athletics New Zealand Selectors not nominating an athlete for selection, who would otherwise satisfy these criteria.

5.0 After Nomination/Selection

5.1 All athletes nominated to the team, will be required to prove their fitness to compete in the 2012 Olympic Games by attaining a Performance Standard, or some other appropriate performance as agreed with the athlete and their coach, and the Athletics New Zealand Selectors, **prior to entering the 2012 Olympic Games athletes village.**

5.1.1 The time frame for all (athletes/events) to achieve the fitness standard will be from 3 June 2012 to 25 July 2012.

5.1.2 The expectation will be for an IAAF 2012 Olympic Games "B" standard or agreed training equivalent (with the exception of the Race Walks and Marathon) after taking into account conditions and the competition.

5.1.3 Failure by a selected athlete to meet the pre-2012 Olympic Game fitness standard may, at the discretion of the Athletics New Zealand Selectors and athletics section Team Leader acting in consultation, result in an athlete who has been initially selected to the team being withdrawn from the 2012 Olympic Games competition.

5.1.4 For the purposes of clarity, **all final selections in the team remain conditional** until the athlete has achieved their agreed 2012 Olympic Games fitness standard.

5.2 All athletes selected must provide their competition schedule leading up to the Olympic Games, from selection date to competition date, to the Performance Director. This needs to cover all competition events planned in the period from selection notification to the commencement of the Games.

5.3 Selected athletes wishing to withdraw from the team must notify the Team Leader, in writing and detailing the reasons for withdrawal, immediately.

6. Marathon, 50km Walk and Combined Event

6.1 An athlete selected for the Marathon or 50km Walk will not compete in a similar distance event within two months of their Olympic competition nor in an event exceeding 10km within one month of their Olympic competition without the expressed written permission of the Performance Director.

6.2 Selected Combined Event athletes will not compete in a similar event in the three week period prior to their Olympic competition.

6.3 The 2012 London Olympic Games Selection nomination and selection criteria must be read in conjunction with Athletics New Zealand's General Selection Criteria Policy document. This is available at www.athletics.org.nz. Where there is any conflict with the provisions in the General Policy, these Event Criteria will prevail.

7. Extenuating Circumstances

7.1 In considering the performances of athletes at events, trials, training camps or other attendances required under this Selection Criteria, the Athletics New Zealand Selectors may in their discretion give weight to extenuating circumstances. For the purpose of this Selection Criteria, "extenuating circumstances" means the inability of the athlete to compete in and/or attend event, trials, training camps or other required attendances arising from:

- a) Injury or illness of the athlete;
- b) Equipment failure;
- c) Travel delays;
- d) Bereavement;
- e) Such other circumstances as the selectors reasonably consider constitute "extenuating circumstances".

7.2 Athletes who are unable to compete in and/or attend events, trials, training camps or other required attendances, must advise the Performance Director of Athletics New Zealand in writing of this fact and the reasons for withdrawal/non entry. This notification must be received as soon as possible but no later than 12 hours before the event, trial, training camp or other attendance.

7.3 In the case of injury or illness, athletes will be required to undergo a medical assessment by a doctor or doctors nominated by Athletics New Zealand, before the selectors can give any weight to any extenuating circumstances.

8. Team Announcements

All team announcements will be individually released to the media from, and authorised by the NZOC, in full consultation with Athletics New Zealand. While it is accepted that the team announcement date may have to be changed, it is anticipated that the initial team announcement will be made 25 March 2012.
